*- Archie, our Dolphin Spirit Guide*

**Thank you for dipping your toes** into the water and receiving your *First Dolphin Attunement*!

If you feel the First Dolphin Attunement was a positive and valuable experience for you, and you'd like to explore diving deeper with us, your next step is to read this in-depth overview of the profound path Dolphin has created, through us and with us, for humanity.

In the pages below, we've laid out in-depth information about *The Dolphin Attunement Journey*, so that you can read, absorb, and feel into the frequency and flow of this incredible gift to humanity from the Dolphin Consciousness.

We know the *Dolphin Attunement Journey* isn't for everyone. This is a deep and sacred spiritual journey that calls upon us to have the courage to dive deeply into self, to do deep work, and to open ourselves to rapid and lasting transformation.

We can tell you from our own experience, and from witnessing close to 1,000 clients from over 20 countries who have received this Dolphin gift, that it is *so* worth it. If you do this, the *new you* that will greet you on the other side of the *Seventh Dolphin Attunement* will astound you.

The beauty about embarking upon this path with us is that *you won't be alone*. Dolphins don't do things alone! You'll be supported by the beautiful spirit dolphins who are in service to you. You'll be supported by us, and the wise, vast, loving, pan-universal Dolphin Consciousness with whom we are in co-creation and collaboration. And, you'll be supported by all the other beautiful humans on this journey with you.

## What Are The Seven Dolphin Attunements™?

The Dolphin Attunements are a series of **seven spiritual initiations** delivered directly by the **Dolphin Consciousness**. They result in a brand new quality of consciousness for the person receiving them – a blended human-dolphin consciousness rooted in love, joy, peace, harmony, playfulness, connection, and Oneness.

The *Dolphin Attunement Journey* has been described by our friends in spirit as **a new spiritual path** for humanity.

Dolphin serves as our primary spiritual teacher and guide on this deeply healing and transformative heart-centered path.

The Seven Dolphin Attunements are a profound gift Dolphin is making available to humanity at this pivotal time. Dolphin describes this journey as **a gateway to the new paradigm**.

## What will the Dolphin Attunements do for me?

The truth is, nothing we say here can come close to fully describing the ways you, and your world, may change as a result of receiving the Dolphin Attunements.

Dolphin sees, and knows ...

- *where you've been* throughout all of your soul's lifetimes,
- *where you are now* in your soul's evolution, and
- *where you are going* ~ all of the potential outcomes of your soul's journey in this lifetime, and beyond.

Dolphin sees, and cherishes, your **deepest heart's desires**.

While you will receive the same Dolphin Attunements every other podmate receives, *your journey will be completely unique*.

Your unique inner Dolphin journey will unfold based upon ...

- your unique interests, talents, and gifts
- the areas of healing and growth you need to travel through in your return to wholeness
- the visions and dreams you hold dear in your sacred heart

Having said all of that, we'll do our best to paint a picture of possibility for you, based on our own experiences, and the experiences of all of the beautiful podmates who have traveled this path before you.

We invite you to *pay attention to how you feel* as you read these words, and let in these possibilities for yourself.

*"The Dolphin Attunements are one of the most fulfilling things I've ever done. They had an impact directly on my soul. All my perceptions of the world, and myself, have changed. After such a long search of more than 25 years, to me, nothing can be compared with it."*

~ Greet Somers, Belgium

As you progress through the Seven Dolphin Attunements ...

- Your **level of consciousness will be permanently raised** as you become attuned to the high, fine frequencies of Dolphin. The human body vibrates at a much slower frequency than the dolphin body. Dolphin created a form that lives in the sea, because the medium of water can support their high frequencies. This is why it's so difficult for us humans to *sustain* the Love and Joy frequencies we experience when we're in the physical presence of dolphins, or when we connect with them in spirit. The Dolphin Attunements mitigate this limitation.
- Your physical body (down to your DNA) and energetic structures will undergo **a metamorphosis**, so that, in a remarkably short period of time, you will be able to *carry and sustain* the higher frequencies of Dolphin, even when you're not physically with them or even thinking about them. You will *BE* a walking, talking human-dolphin! You will *radiate* Dolphin Love and Joy.
- Your rate of personal healing, growth, and transformation will accelerate, and your **soul's evolution** will quicken.
- You will begin **living more from your heart than your head** ~ more from love than fear.
- You will live a broader range of life, and experience a broader range of emotions. It's common, at this stage in the journey, to experience **higher highs and lower lows**. Dolphin tells us that *we can only soar as high as we're willing to dive deep!*
- Your return to **unconditional and joyous self-love**, and your authentic self, will be cause for tremendous celebration, indeed!
- Many who are attracted to this journey are already profoundly connected to the dolphins. Some feel themselves to already be dolphins in human form, and their struggle is with being here on Earth in human form. If this is you, the Attunements will **help to heal the rift between your human self and your dolphin self**, so you can lead a fulfilling, nurturing, and love-and joy-filled life here on land, among your fellow humans.

*"I'm already changing.  
I'm more calm, more in  
the moment, not so  
linear, more joyous,  
more open to receiving,  
and more connected to  
my inside world - the  
divine, the heart space,  
the dolphin energy. I am  
sooo grateful!"*

~B. W., Wisconsin

Here are some of the **qualities of Dolphin Consciousness** that our podmates are embodying and expressing in their daily lives, as a result of the *Dolphin Attunements*. Imagine these qualities opening up for you too.

- **Higher spiritual truths and awareneses** that may be concepts or ideas for you now become your new reality – you're living them.
- Your connection to linear time gradually drops away and is replaced by that elusive **present moment awareness** – the eternal NOW.  
Your internal guidance system undergoes a shift in authority. **Your heart takes the lead**, and your mind enters into service to your heart.
- Your **mind-body connection** is strengthened. Your body begins communicating with you clearly. Your physicality serves as a barometer to let you know when you are in alignment with your inner truth – and when adjustments are needed!
- You'll likely find that you are no longer willing to "settle" for things that do not serve you or bring you joy. You begin speaking your truth as never before. You stand up for yourself, and take your rightful place in the world, perhaps for the first time in your life! We call this **fierce self-love**.

- Picture a pod of dolphins playing and surfing in frothy waves. This is a metaphor for how you begin moving through your life ~ with **fluidity of consciousness and flow**. Increased goodness “just comes to you” in magical and wondrous ways. Synchronicity increases in your daily life, which is so much fun!
- You have an increased ability to navigate the choppy, murky waters of life’s challenges with grace and ease. Not only do you move through these waters more quickly, you naturally uncover the gifts and learnings that await your discovery.
- **Your emotions become your friends.** You discover that by embracing the full range of human emotion, you no longer hold anything back to living a full, rich, authentic life. It is incredibly freeing when your emotions begin to flow through you naturally and easily, as they do for a small child. Emotional freedom is our natural state!
- You live your life within the sacred container of the **Frequency of Joy**. This is different from the *emotion* of joy, which comes and goes. The *Frequency of Joy* is ever-present, like Love. From this place, life is full, deep, and rich with adventure and growth. Imagine *embracing all of life with Love* – without pushing anything away. This is how Dolphin lives. This is how they’re helping us to live.
- Spontaneous experiences of **telepathic, and even holographic, communication**, with All of Life, occur more frequently. This non-linear, whole-body form of communication is so much richer ~ and quicker! ~ than the one-word-after-another linear way we humans communicate.
- It’s so exciting to discover that your growing Dolphin frequency is sparking the light of Love and Joy in those around you! People and animals respond to you in new and wondrous ways. When **spontaneous, genuine connections** occur with total strangers, even a trip to the supermarket becomes a magical, joyous, and deeply nourishing experience!

*“The piece that I’m realizing now, since my last Attunement, is how important laughter and play are to my very survival, and with every fiber of my being I am inviting more into my life. While I like my inner strength, being joy is more what I am interested in right now.*

~ J.L., Canada

## What is the difference between **Dolphin Energy** and the **Dolphin Attunements**?

If you’re reading this, it’s likely you’ve already had some experience receiving *Dolphin Energy*. Perhaps you’ve been blessed to swim with dolphins. Or perhaps you’ve been touched by Dolphin’s immense love, contagious joy, and profound healing power in another way – through meditations or dreams, shamanic journeying, or by receiving *Dolphin Energy Healing* from us, or from one of the *Dolphin Energy Practitioners* Linda has trained and certified. These are all profound, potentially life-changing experiences of *receiving* Dolphin Energy.

So, how are the Dolphin Attunements different? **Archie, our Dolphin Spirit Guide**, uses the metaphor of the Fountain of Youth to help us understand:

*“The Attunements are taking place at a level beyond your current understanding, and beyond what can be conceptualized or put into words.*

*“The best way to think about it is to understand the difference between **receiving of the source** and **becoming the source**.*

*“It is the difference between the man who drinks of the Fountain of Youth, and the man who actually **becomes** the Fountain of Youth, so that everyone around him begins to drink of **him**, as of the water.”*

- Excerpted from **Dolphin Love** - Chapter 30, “Archie Speaks”

Receiving Dolphin Energy is a wonderful, remarkable, and often life transforming experience. *And*, choosing to receive the Dolphin Attunements is a whole other level entirely. It's something more ... something beyond. The Attunements come from another dimension – a finer plane of reality. When you receive the Dolphin Attunements, you experience an **evolutionary leap in your consciousness**. Your essential nature is transformed.

***“We are changing the course of humanity.”*** - Dolphin

## How did the Dolphin Attunements come into being?

Beginning in 1996, Dolphin led Linda on a profound seven-year inner journey of healing, transformation, growth, and *metamorphosis*. The culmination of this journey resulted in her spiritual awakening. She woke up one morning in January 2003 *brand new!*

The Dolphins reached out to Linda, spiritually, while she was contentedly living her life in the high desert of Sedona, Arizona, far from the ocean and physical dolphins. Once she answered their call, she was surprised to discover that Dolphin's unique quality of love *filled her up ...* on all levels. It was all she needed. Linda's "seeking" was over. She had found her path. Or, rather, this Dolphin path found her.

Irrationally, Linda soon found herself wanting to *BE Dolphin* all of the time. This intense yearning came from the depth of her soul, and didn't go away. A miracle was set into motion.

Over the course of seven years, Dolphin performed an experiment on Linda. They found a way to manifest her deepest heart's desire into reality. On the morning of her awakening, the experiment was complete. Thankfully, it was a success!

Linda soon discovered that what she experienced was more than a spiritual awakening. She had undergone an interspecies metamorphosis! She had become a *brand new being on Earth* – a human-dolphin.

Linda's human physical form is now able to carry and sustain the high, fine frequencies of Dolphin all of the time. There is no separation, now, between Linda and Dolphin. *She is that.*

Shortly after this awakening, Dolphin told Linda:

***“It is time to gather your pods  
so that other humans may receive this gift.”***

It was so clear to Linda that a gift such as this is not meant for one person alone; it's meant to be shared. The *Seven Dolphin Attunements*, in their totality, are the vehicle through which this extraordinary gift is delivered to humanity.

Linda's book, **Dolphin Love ... From Sea to Land**, tells this magical story. We highly encourage you to read it, particularly if you are feeling drawn to receive the remaining six Dolphin Attunements. Every word and every page of this book oozes Dolphin love and healing energy. Expect to receive many gifts from Dolphin that are just for you as you read!

## How are the Attunements delivered?

You will receive this Dolphin gift in the *comfort your own home*, wherever on Earth you are! No travel is required. When you receive the Dolphin Attunements, your home and the earth underneath you also receive this gift. Mother Earth benefits every time one of her people receives a Dolphin Attunement. She is grateful!

***“Linda, I want to say a really big thank you to you and David for what you do. Your integrity in bringing forth the dolphins so profoundly makes it such a real experience for us all. I feel such appreciation that you listened to your heart. Your work with the dolphins is so real. You know, we can't have this experience anywhere else on Earth, so this is just amazing that we found our way here as a pod. That you offer this in this lifetime ... it's just amazing.”***

- **A pod experience** - Dolphins live in extended-family groups called **pods**, in a state of deep connection. They live in Unity-Community. One of the big picture purposes of the Dolphin Attunements is to create *Unity-Community on land, among humanity*. For this reason, Dolphin created this journey as a *pod experience*. You will join with others from around the world, and receive your Dolphin Attunement as a pod. We are so blessed. Dolphin brings us the most beautiful humans to receive this gift!
- **Each of the seven Dolphin Attunement is transmitted once a month**, usually on Saturdays.
- **We connect by conference call** - On Attunement day, the receiving pod gathers on a conference call. We use a conference call service with local telephone numbers in more than 40 countries, to minimize telephone costs for our international podmates.

We open the call by creating a beautiful opening circle through guided meditation and heart-to-heart sharing. Very quickly, the Dolphin energy is buzzing and podmate anticipation is high! When everyone is ready, Linda leads the pod into the transcendent experience of receiving the Dolphin Attunement.

- **The Dolphin Attunement is transmitted directly by the Dolphin Consciousness** – not by Linda – in a moment outside of time. After the Attunement has been transmitted, we all hang up our phones and surrender into receiving for about an hour. Afterwards, we re-open the conference call line for those who wish to call in and share their experiences. It’s magical to hear what our beautiful podmates feel, receive, and experience during their Dolphin Attunements.
- **How much time should I allot to receive the Attunement?** - Please allow at least 2 ½ hours for each Attunement experience. It’s ideal to give yourself as much open time and space before and after the Attunement as you can, so that you can be fully present with the unfoldment of it. It’s not uncommon to feel altered for hours, and even days, afterwards.
- **How long will it take for me to receive all seven Attunements?** - We offer two tracks – the “Fast Track,” which is our 6-month program, and the “Takin’ it Easy” track, which spans a year. While this is the standard flow for receiving, we encourage our podmates to go at their own pace, to proceed to each next Attunement in accordance with their own flow and inner guidance.
- **The Seventh Dolphin Attunement** - Upon receiving your Seventh Dolphin Attunement, the merging of your new dolphin energy body and your human body is complete. You are a *brand new being* upon the Earth! You have *become the fountain of Dolphin Love and Joy*, and everyone around you will begin to drink of *you*, as of the water. This is huge. *Congratulations!!!*
